MOUNTAIN BIKES

CONQUEST

The bike that broke the world record.

Frame and fork handmade in Reynolds 531 ATB tubing. All components chosen from Shimano Deore XT range, the finest available worldwide. Satin black finish with colour co-ordinated wheel rims, chain rings and handlebars. New shorter wheel-base for more responsive handling. Top of the range—the ultimate mountain bike.

COVER PHOTOGRAPH
Richard and Nick Crane
descending Mount Kilimanjaro
in 1985 on their Saracen
Mountain Bike.

A NEW ERA

SARACEN

Whether you ride for sport or leisure, you'll never ride a tougher mountain bike than a Saracen. Just look at our standard features:

- ▲ Shimano 18 speed S.L.S. index shifting gear systems
- ▲ Sealed hubs, bottom bracket and headsets
- ▲ Shimano 80-piece computer designed elliptical chainset (SR Oval) tech on the "Luff" (fix model)
- ▲ Over-sized nylon-lined brake and gear cables
- ▲ Handheld epoxy powder coated finish
- ▲ Durable epoxy powder coated frame
- ▲ Handbar stem colour matched to frame
- ▲ New designer graphics
- ▲ Alloy powder-coated bottle cage with bottle
- ▲ Extra long micro-adjustable seat pillars
- ▲ 2-year frame guarantee against manufacturing defect

Saracen bikes have been tested in more demanding conditions than any other mountain bike, and survived without any mechanical failure. In 1985 Richard and Nick Crane rode Saracen Mountain Bikes on their record-breaking ascent of Mount Kilimanjaro, setting a world altitude cycling record of 5,895m. (19,347)

In 1986 a four man expedition rode across the Andes mountains, including the ascent of the El Misti volcano (5,846m), in the most extreme temperatures in the world.

Now the same reliability is available to you, with a Saracen model to suit everyone.

KILI *flyer*

Finest of a fresh generation of Mountain bikes.
Frame handmade in Reynolds 531 ATB Tubing.
Handmade reinforced Uni-Crown forks. Electric Blue Epoxy Powder Coat finish. Components featuring full Shimano Deore group set with S.I.S. indexed gears and Bio Pace elliptical chainset.

Computer designed Elliptical Bio-Pace chainset to improve pedalling efficiency.

Shimano Deore 'U' brake, as fitted to Tuff-Trax and Trekker models.

Shimano Uni-Glide Chain as fitted to all models.

TREKKER

New for 1987!
Frame and re-inforced uni-crown forks hand-finished in tange chromoly double-butted tubing.

Braking system features Shimano Deore 'U' brake front and rear for ultimate stopping power. Full Shimano Deore group set with S.I.S. indexed gears and Bio Pace chainset. Choice of two Epoxy powder coat finishes—Guards, Red or Mustel Yellow.
"The best mountain bike for under £400" — THE INDEPENDENT
—Sept 1987

New new flat bar system in thick wall aluminium tube. Colour-coded swan neck alloy stem.
Dura-accustable rear wheel with S.I.S. indexed thumb shifters.

TUFF TRAX

New for 1987!
Saranac quality at an affordable price, with all the key features that have made Saranac the most famous name in the field.
Braking system features Shimano Cantilever front brakes coupled with Shimano Deore 'U' brakes at rear. Shimano light action with S.I.S. indexed gear system with S.P.R. elliptical chain set. Choice of two epoxy powder coat finishes—Guards, Red or Mustel Yellow. Unbeatable value for money."
