FOR IMMEDIATE RELEASE

BRINGING BACK THE OLD SCHOOL IN NORTH WALES THIS SEPTEMBER

A global celebration of classic mountain bikes in action at OWMTBC 2010

In its second year, the Old World MTB Championship is a weekend dedicated to showing and riding classic mountain bikes with fellow enthusiasts, re-living the spirit of those free spirited early MTB weekends.

The OWMTBC was designed to give an outlet to the growing fascination with the birth and early years of mountain biking – with the Retrobike forum in the UK having over 9,000 registered members, it looks like it is more than a minority interest group!

The OWMTBC weekend, over 2nd, 3rd and 4th September, is all about original bikes, clothes, riders and attitude with points and prizes to be won over the weekend – so dig out your old MTB and head for the hills once more!
