RALEIGH ACTION BIKES

These are Raleigh's mean machines. They're rough and they're tough. Built to take whatever you can dish out. The kind of machine where Raleigh reign supreme.

Crafted in the finest materials, they combine lightness with super strength to give you all the excitement you want. They can cruise and play it

cool, or they can lay down the rubber and kick up the dirt. Your choice.

For the road there are Grifters and Bombers. The toughest bikes on the street. For the BMX track there's the sensational new Raleigh Burner range. The hottest machines this side of the Atlantic.

Alloy brakes, snazzy coloured gumwall tyres, protective pads, ultra tough heat-treated cranks, V-brace

handlebars, all the usual features and more besides.

And if you're into racing, Raleigh make a full range of professional protective clothing. Helmets, masks, shirts, the lot. All well padded to soak up the jolts from those high jumps and heavy landings.

With Raleigh street bikes and Raleigh Burners, one thing's for sure. You'll have no trouble burning off the competition. It's action all the way.

PRO BURNER

Hotter than the Sahara and the top of Raleigh's Burner range. Pro Burner is the ultimate racing machine.

Frame, forks, and handlebars are full chrome moly to competition standard. Virtually everything else is alloy, making it one of the toughest, lightest BMX bikes on the track. And the coloured

gumwall tyres grip like a python. What more can we say. It's an out and out, unashamed racing machine. When Pro Burner hits the track it'll melt the heart out of the competition.

Colour: Full Brilliant Chrome Finish.

Frame size: Suitable for legs 22-30in.

ULTRA BURNER

Another real hot potato. Ultra Burner boasts Tange TX 1200W forks that soak up the punishment. To keep it light and manoeuvrable, it's fitted with a host of alloy components. Including V handlebars, Araya 7X rims, Dia Compe brakes and alloy hubs with chrome moly axles.

The one-piece chrome moly crank has an alloy detachable 40T chainwheel and the handlebar stem is Sun Tour alloy/chrome moly 4 bolt.

Colour: Silver with Blue contrast or Black with Gold contrast.

Frame size: Suitable for legs 22-30in.

BURNER

Just looking at Burner starts to give you a warm glow. But when you notice the high tensile tig welded frame and fork, and alloy coloured brakes, you'll positively burn with desire.

The heat-treated one-piece crank with chrome chainwheel and disc is as tough as they come. And the steel V-style handlebars with

alloy/steel 4 bolt stem give quick response. Chrome plated rims, 12 gauge spokes and coloured gumwall tyres complete the picture.

Colour: Flame Red or Blaze Blue.

Frame size:
Suitable for legs 22-30in.

SUPER BURNER

Super Burner is the name and a super burner it looks. The frame, handlebars, rims and chainwheel disc are finished in ultra tough gold superchrome.

A stunning look that is complemented by the black double clamp stem and frame pads with gold lettering.

Heat-treated one-piece crank,

coloured gumwall tyres and gold chain take whatever you throw at them.

Super Burner is guaranteed to give the competition a hot reception.

Colour: Gold Superchrome.

Frame Size:

Suitable for legs 22-30in.

TOUGH BURNER

Tough Burner features alloy double clamp stem, alloy anodised brakes and the very latest V-brace handlebars. It has a tough plastic BMX saddle and foam cushioned grips with plastic cartridge. The crank is one-piece and heat treated so you can really apply the pressure. The snazzy gumwall

tyres are mounted on Tuff Wheel® 11 glass reinforced nylon wheels made by Skyway, the American Company that invented nylon mag style wheels. It'll burn up the track.

Colour: Blaze Blue.

Frame size:

Suitable for legs 22-30in.

MINI BURNER

One of the hottest machines on either side of the Atlantic. Mini Burner is made from high tensile steel with tig welded frame and fork with full ball bearing headset for super strength. An alloy 4-bolt stem adds to this strength, whilst a padded coloured saddle gives

real comfort. Three frame pads protect from bumps and bruises and add to the stylish good looks. Looks that are emphasised by coloured gumwall tyres and a new plastic chaindisc. All in all, Mini Burner is a mini masterpiece.

Colour: Flame Red or Blaze Blue with matching graphics scheme.

Frame size:
Suitable for legs 17 1/2-22in.

5-9 YEARS

GRIFTER

The Raleigh Grifter is the first in the Raleigh range of Action Bikes, the toughest bikes on the street. Its low-slung frame is triangulated for maximum strength. Tough studded tyres and flared steel mudguards thrive in the rough, while Raleigh Raincheck® brakes bring it to a fast stop. 3-speed Sturmey-Archer gears

with twist-grip control take the effort out of pedalling. A deep foam saddle and propstand complete a whole list of exciting features.

Colour: Blue or Red.

Frame size:
Suitable for legs 22-28in.

GRIFTER XL

All the excitement and rugged good looks of the Grifter plus a handy built-in carrier and studded Redline tyres.

Satin chrome handlebars on a black double clamp stem and sporty red handlebar cushion pad enhance the looks still further. Finished with a narrow padded and quilted saddle and

'laser light' graphics on the frame.

Colour: Gloss Black with Red guards.

Frame size:
Suitable for legs 22-28in.

SUPER GRIFTER

Top-of-the-range, these two Super Grifters are full of grit. Ideal for taking the roughest rough with the smoothest smooth. The triangulated frames and double clamp stems add a touch of sheer brute to the tantalising co-ordinated colour schemes, complete with coloured gumwall tyres. 3-speed

twistgrip control gears make pedalling a breeze, whilst the coloured handlebar grips match perfectly with the foam handlebar pad and deep foam saddle. For strength, safety and style, these two Super Grifters are the ultimate.

Colour: Gloss Black with Gold co-ordinating parts or Metallic Silver with Blue co-ordinating parts.

Frame size:
Suitable for legs 22-28in.

BOMBER

Possibly the meanest machines on the street. Custom-built for cruising, the frames are curved with frame sizes ranging down to 16in for small riders, and up to 18in for big riders. With either the single speed or 3-speed versions, those road-eating wheels really

help you motor. Tough as they come, Bombers feature a double clamp stem for extra strength, gumwall tyres to smooth over bumps, and black foam grips and deep padded saddle for complete comfort and control.

Colour: High Gloss Black.

Frame size: Suitable for legs 26-30½in. 24 x 1¾in wheels.

Colour: High Gloss Black.

Frame size: Suitable for legs 28-32½in. 26 x 2½in wheels.

SUPER BOMBER

The new Superchrome Bombers are not only the meanest machines on the street, but also the coolest. With a blue superchrome finish on the frame, fork and handlebars, these bikes pile on the style. This 3-speed model makes short work of the toughest

streets. Frame sizes of both 16in and 18in make it the right bike for the smallest and largest of riders. A deep padded blue saddle, and blue gumwall tyres match style with comfort.

Colour: Blue Superchrome.

Frame size:

Suitable for legs 26-30½in.
24 x 1¾in wheels.

Colour: Blue Superchrome.

Frame size:

Suitable for legs 28-32½in.
26 x 2½in wheels.
