Raleigh's Street Bikes and Burners

CRAIG SCHOFIELD, Raleigh Burner Team Rider, was the 1982 National 13 year old champion. He is shown here on a Team Burner frame available from the Specialist Bicycle Development Unit, TI Raleigh Limited, Digby Street, Ilkeston, Derbyshire. Clothing is available through your local Raleigh dealer.

PRO BURNER

The beast of the berms. This is Raleigh's race-bred, track-ried supermachine. Cro-moly, double-R gussetted, heli-arc welded frame with dazzling chrome and blue alloy livery. Dragon-ended forks. Suntour alloy four-bolt stem. Cro-moly 'V' form, chromed bars. Dia Compe MX brakes. Kashimax Aero saddle in matched blue. Cro-moly, chrome-plated and polished cranks. Suzue alloy hubs with cro-moly axle and chrome steel bearings. Araya 7C alloy rims with highlighted brake tracks. Competition III skin-wall tyres (not illustrated).

Full Brilliant Chrome finish.

Frame size:
Suitable for legs 22-30in.

Craig Schofield has this to say about the Pro Burner.

“The Pro Burner is a rad machine. Its frame geometry allows great acceleration out of the gate and gives me the hole-shot every time, and its stability in cornering helps me stay there.”

GET INTO GEAR
Raleigh's Burner clothing in blue, red and yellow has been designed to protect you from wipe-outs. Jersey has elbow padding. Trousers have thigh padding and reinforced knees.

Raleigh's blue helmet is made from toughened plastic in high gloss finish with a polystyrene safety inner shell and features ear-grilles, chin-strap and visor. (Helmet is shown with separate chin-guard). Blue face mask with shatterproof lens complete with nose and mouthguard.

ULTRA BURNER

The Ultra is all about professionalism. High-tensile steel frame. One-piece cro-moly polished and chrome-plated crankset. Araya 7X gold-toned alloy rims with black amber-wall tyres. Tange TX 1200 W forks. Pads on cross bar, handlebars and Suntour forged 4-bolt alloy stem. Sugino MX2 40T detachable chainwheel.

Gloss Black with gold graphics.

Frame size:

Suitable for legs 22-30 in.

ULTRA BURNER

The shining example. Silver-liveried version of the Ultra Burner. Same magnificent specification. High-tensile steel frame. One-piece cro-moly polished and chrome-plated crankset. Araya 7X blue alloy rims with blue amber-wall tyres. Tange TX 1200W forks. Pads on cross bar, handlebars and Suntour forged 4-bolt alloy stem. Sugino MX2 40T detachable chainwheel.

Metallic Silver with blue graphics.

Frame size:

Suitable for legs 22-30 in.

John Lee, Raleigh Burner Team Rider who finished 4th in the 1982 16 plus National League, talks BMX.

“BMX is one of the fastest growing sports around and this year is even better than ever. The number of tracks is on the up and the standard is improving all the time.

Right now, 90% of races are won from the holeshot but more and more tracks are being designed to allow the lead to change 3 or 4 times.

And some of the jumps are wild. With the competition getting hotter

and the tracks getting better, there's some pretty spectacular racing. That's what's attracting the crowds and even TV is showing an interest. Getting rad 6 feet in the air is hairy stuff and great to watch but it's not for beginners.

Whether you're into top competition riding or just starting out, Raleigh's Burner range offers something for everyone. It's a great sport and one for all ages. Go for it!”

TUFF BURNER

High-tensile frame with Skyway Tuff II™ wheels. It's a fact of bike dynamics that the lighter the wheels, the more energy-efficient the machine. These high-density, glass reinforced nylon wheels are really tough. Test-ride the Tuff Burner. You'll find that these wheels give you the advantage in a tight ride.

Blaze Blue with matt black bars and forks.

Frame size:

Suitable for legs 22-30 in.

SUPER BURNER

This is the Burner in its best clothes. The high-tensile frame is finished in Superchrome Gold – a tough but beautiful powder lacquer that will take the rough treatment BMX hands out.

Gold-toned alloy brakes.

Gold Superchromed rims, bars, and chainwheel disc have a gold polyester coating on chrome plate. Matt black, welded forks. Black frame pads with gold graphics. Black Raleigh MX saddle with safety cup.

Gold Superchrome.

Frame size:

Suitable for legs 22-30 in.

WEAR THE NAME WITH PRIDE

Psych out the opposition with these blue goggles with shatterproof lens. Gloves have padding on the knuckle and back of the hand.

Flame Red, Raleigh-perfected frame. High-tensile 'V'-bar, Flame Red handlebars. OPC heat-treated, chrome-plated crankset. Black rat-trap pedals with strengthened axles. High-tensile steel 40T chainwheel with Flame Red disc. Bottom bracket has chrome-steel ball-race. Headset is also ball-bearing equipped. Anodised gold chain. Heat-treated hub axles. Black, gum-wall tyres. N.B. Check out the new red Aero saddle and white, lightweight crash-pads.

Extra-special paint finish Flame Red flashes over white frame and forks.

Frame size:
Suitable for legs 22-30in.

Blaze Blue.

Frame size:
Suitable for legs 22-30in.

Martin Jose, Raleigh Burner Team Rider, was the runner up in the 1982 National 14 year old championship. This is what he has to say about the Burner:

“If you're just getting into the sport, it's the gnarliest machine around and it's built by the year's most successful factory. It's got four bolt stems and heat-treated cranks. Are you hot enough to handle it?”

WE'VE GOT YOUR NUMBER

Personalise your Burner with your own number plate and number (sold separately). Number plate comes complete with ties to attach it to the bars.

MINI-BURNER

It's the Burner's kid brother. The Mini has all the Burner's refinements scaled down to Fives to Eights size. Four-bolt, double-clamp, alloy stem and full ball-bearing headset. High-tensile chromed bars, seat-pillar, cranks. Yellow and black padded saddle. Frame, stem and bar pads. Tough plastic chainwheel disc. Short-reach Raleigh steel brakes. Yellow gum-wall tyres.

Flame Red.

Frame size:

Suitable for legs 17½-22 in.

MINI-BURNER

It's the Burner's kid brother. The Mini has all the Burner's refinements scaled down to Fives to Eights size. Four-bolt, double-clamp, alloy stem and full ball-bearing headset. High-tensile chromed bars, seat-pillar, cranks. Yellow and black padded saddle. Frame, stem and bar pads. Tough plastic chainwheel disc. Short-reach Raleigh steel brakes. Blue gum-wall tyres.

Blaze Blue.

Frame size:

Suitable for legs 17½-22 in.

GET A GRIP

Rubber grips with over-sleeve help you stay on top of your machine. Available in blue and yellow or black and grey.

KEEP YOUR SHIRT ON

Even when you're not on wheels you'll want to wear this Burner T-Shirt. In sizes 28"-30"-32"-34"-36"-38".

Andy Oldham, Raleigh Burner Team Rider, was the 1982 National 10 year old champion. Here he tells us what he likes about the Burner range.

“Good frame geometry, good handling, good components. One piece crank. Nice weight, nice balance. Mean machine.”

STRIKA

7-11 Years

The Strika is a hit. A lively, likely-looking machine for active boys. Low-slung triangulated frame for strength and handleability. Straight, 'mock shock' tubular forks in matt black. Semi-rise, matt black handlebars with positive, ribbed grips. Chunky, foam saddle. Short, wide mudguards. Tough, black steel chainguard.

Flame Red or Gloss Black.

Frame size:

Suitable for legs 21-23½ in.

STRIKA XL

7-11 Years

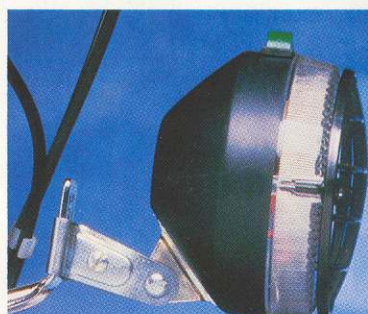

The de luxe Strika. A bike that goes straight to any boy's heart. Junior, triangulated frame. Semi-rise, chrome handlebars with cross-tie and crash-pad.

Upholstered colour-top saddle and blue 'twist-grip' style grips. Blue, Supergrip® tyres. Safety features include big rear reflector and Raleigh Raincheck® wet-effective brake blocks.

Sparkling Yellow with black chainguard.

Frame size:

Suitable for legs 21-23½ in.

GRIFTER

A bike for all seasons. The Grifter is the ideal boys' run-about. Parallel, low-slung frame. Flared, big-clearance steel mudguards. Three-speed Sturmey-Archer gears with twist-grip control. Big, rough-stuff tyres with Supergrip[®] tread. Black chainwheel disc and big spoke-protector plate. Brake lever sleeves, frame-concealed cable to rear brake and Raleigh Raincheck[®] brake blocks for sure stopping in wet weather.

Blaze Blue or Flame Red.

Frame size:

Suitable for legs 22-28 in.

GRIFTER XL

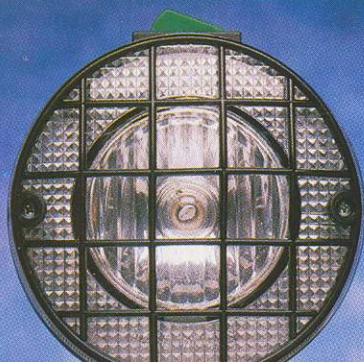

The Grifter plus. Plus a sturdy, frame-attached rear carrier. Plus satin chrome handlebars. Plus a red crash-pad on the handlebar cross-tie. Plus Redline tyres. Plus narrow, quilted saddle and four-bolt stem head.

Gloss Black with laser-pen graphics.

Frame size:

Suitable for legs 22-28 in.

SEE THE LIGHT

Tough nut battery action lamp with black grille. Comes complete with lamp bracket. (Batteries not included).

SUPER GRIFTER

The Super Grifters are all bike for boys who are all boy. They're top of the Grifter class and a serious proposition. Double-clamp stems. Sprung and padded saddle. Big, big-clearance rear mudguard. Drilled chainwheel disc. Three-speed gears with click-stop, twist-grip control. Rough-stuff tread, gum-wall tyres. Rubber reflector pedals.

Metallised Silver with blue co-ordinating parts.

Frame size:
Suitable for legs 22-28in.

Frame size:
Suitable for legs 22-28in.

LOOK BACK IN SAFETY

Keep an eye out behind you with this fully adjustable mirror. Black 3" round mirror has a plastic lining to reduce vibration. Fits on any bike in this catalogue.

BOMBER

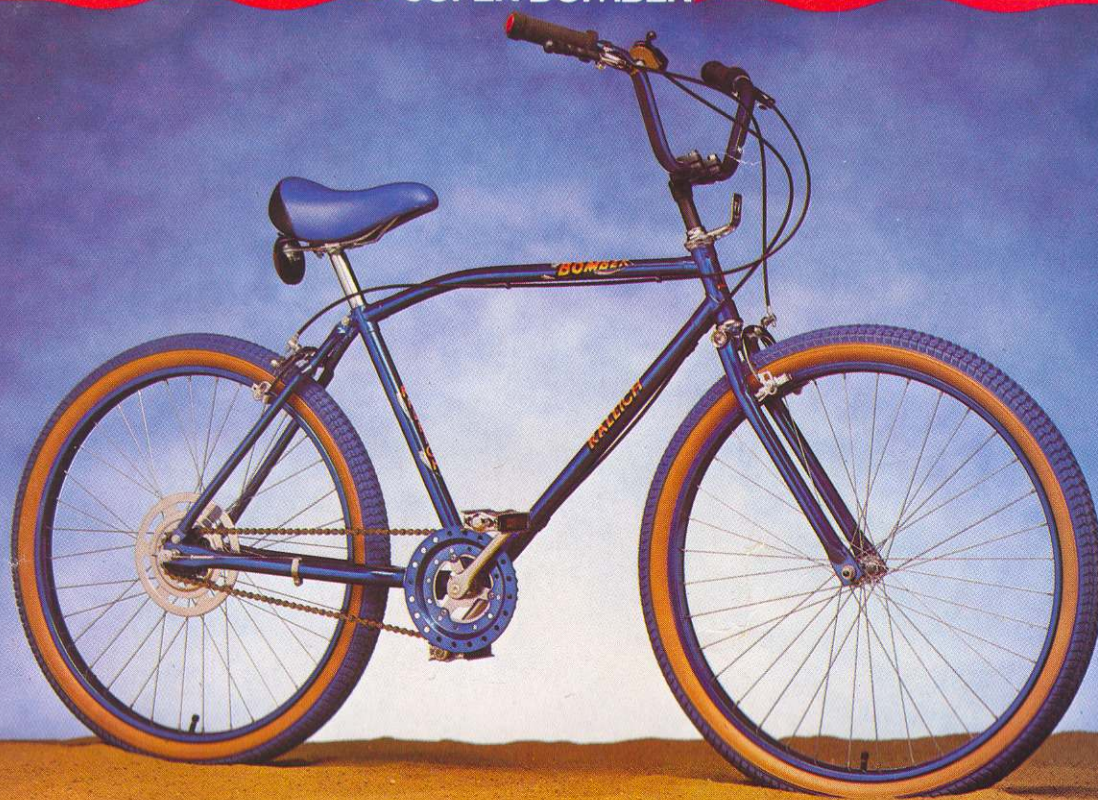

The leader of the pack. The Bomber is a beast of a bike. Kick-curved frame with heavy-duty bolted backstays. Tubular-blade, tubular-crowned forks. Wide-rise, double-clamp handlebars. Deep, chunky saddle with springs. 40T chainwheel with black plastic chainwheel disc. Big, slotted spoke-protector. Fast-action chain adjusters on rear fork. Gum-wall tyres with deep tread. Available in frame sizes 16 and 18.

High Gloss Black with silver graphics.

Frame size:
Suitable for legs 26-30½ in.

SUPER BOMBER

The Bomber in Superchrome Blue has a blue polyester coating on chrome plate. Frame sizes 16 and 18 fit the Bomber for any rider. Blue saddle, blue handlebars, chainwheel disc and rims complete the ensemble.

Superchrome Blue.

Frame size:
Suitable for legs 28-32½ in.

YOU CAN TAKE IT WITH YOU
Muscular steel carrier fits neatly over the rear wheel of the Bomber. Wide mudguards are available to help weatherproof you.

What's the secret of Raleigh's success in the street and on the track?

Engineering.

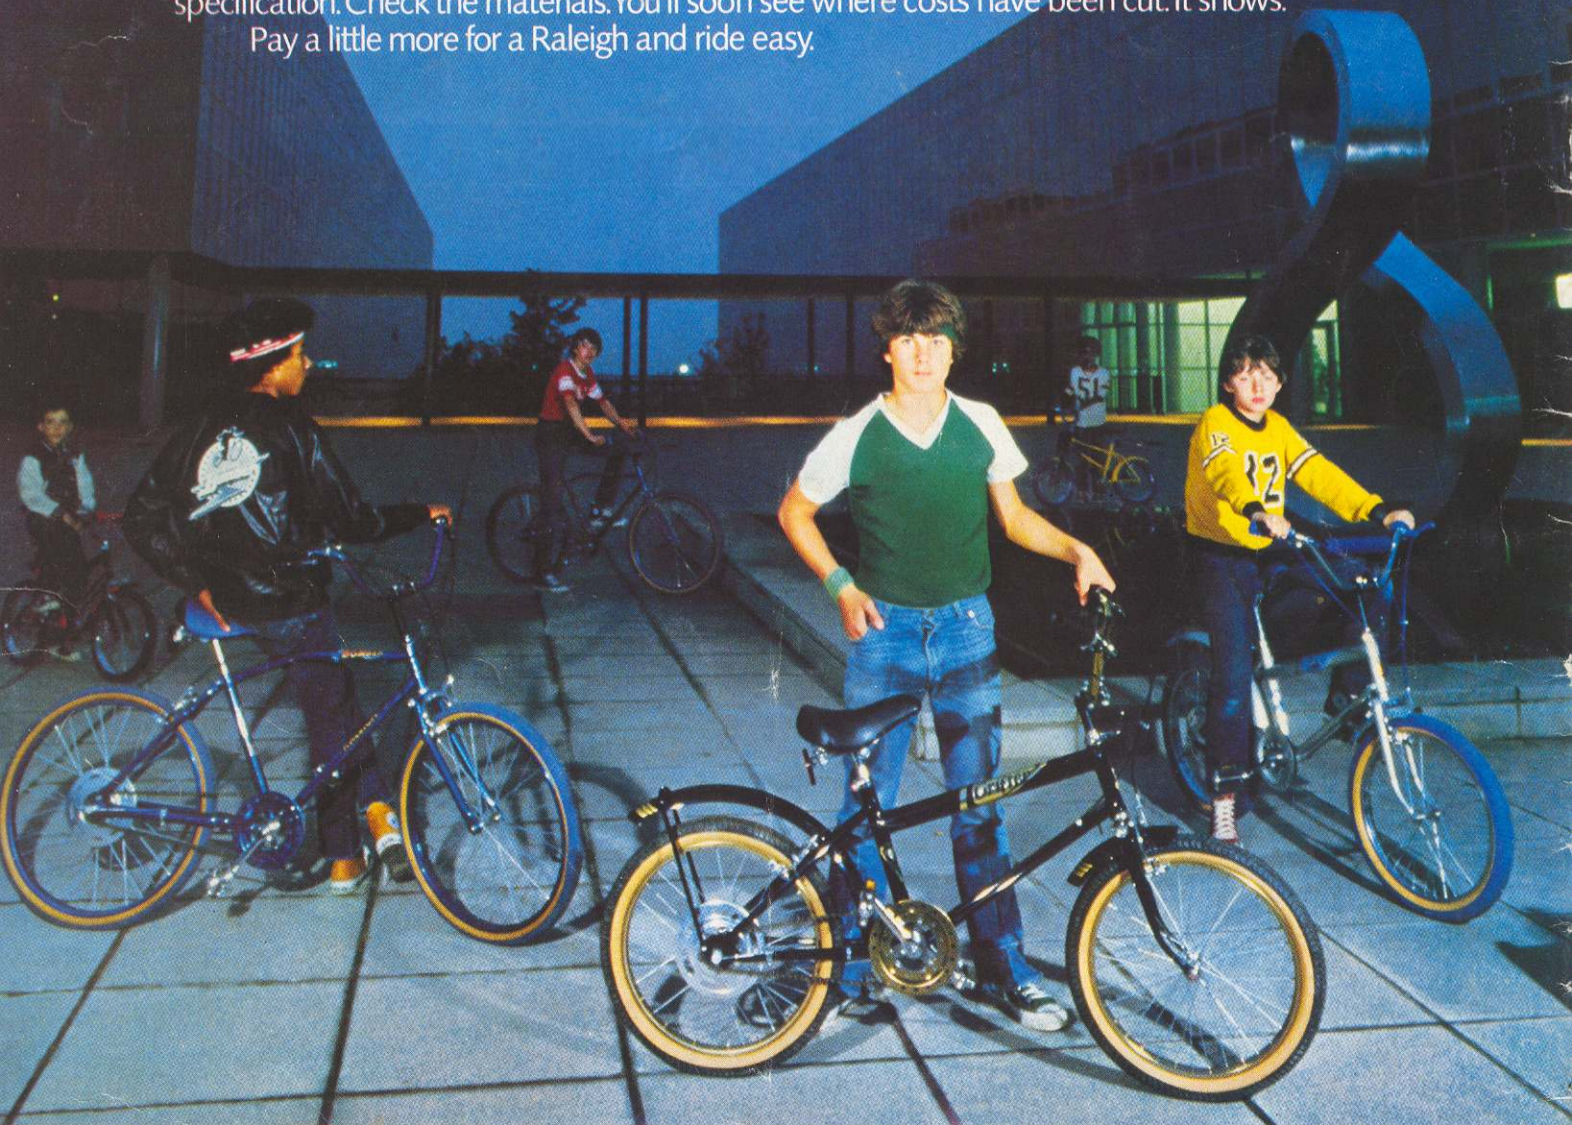

Raleigh's emphasis on engineering and attention to detail have made us clear leaders of the action bike scene.

Every Raleigh bike is subject to Raleigh standards of design and engineering integrity. Every part is proved before it is used, and a continuous testing and development programme ensures that your Raleigh is the best bike you can buy for your money.

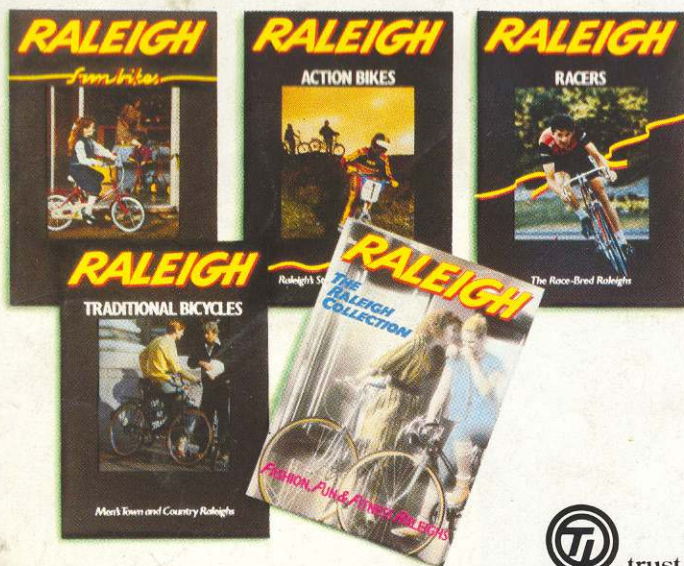

When you choose a bike, you may find that your Raleigh costs more than some other bikes. It costs more because it's *worth* more.

Compare other, cheaper bikes closely with your Raleigh. Check the finish. Check the specification. Check the materials. You'll soon see where costs have been cut. It shows.

Pay a little more for a Raleigh and ride easy.

This catalogue is one of a set of five available free from your Raleigh dealer.

All the bicycles and accessories shown in this catalogue are available from your RALEIGH DEALER—

Our policy of continual improvement means that product specification and appearance may be changed while this catalogue is still in use.
